

# **OCTOBER 25, 2017** **ELEPHANTS! A 17** **YEAR JOURNEY FROM** **AUDUBON ZOO TO** **SOUTHEAST ASIA**

## **Conservation Event**

Seventeen years ago, Dr. Susan Mikota, then Director of Research and Animal Health at ACRES and ACRES volunteer Hank Hammatt resigned their positions, sold their New Orleans house, and moved to Indonesia to help endangered Sumatran elephants. This began an on-going journey to improve the health, conservation, and welfare of Asian elephants.

**Learn What You  
Can Do to Help  
the Elephants of  
Southeast Asia**

---
